

CURRICULUM - PRESCHOOL

Our Preschool program at Saint Joseph Regional School is a place for children to realize their place in God's world. We strive to offer an environment that nurtures each individual and encourages creativity and inquisitiveness. Our program promotes Christian values emphasizing kindness and consideration.

The Preschool Classroom is set up with learning and activity centers which encourage appropriate development in children three to five years old. We work on small motor, large motor, language and readiness skills, and techniques that will smooth the transition to Kindergarten.

We participate in all school prayer services, Masses, assemblies, music concerts, art shows, curriculum night and school wide events and activities appropriate to school age children.

We work with letters, numbers and words through our centers, our daily calendar, stories, poems, songs and rhymes. We use a thematic approach blending the themes into our activities and learning centers. The Preschool incorporates formalized education in Spanish, art, music, library arts and physical education into our schedule. We enrich our curriculum by taking walking field trips and welcoming special visitors to our classroom. We have fun and strive to impart a lifelong love of learning in all of our students.
