## Class News

Grades 2, 3, and 4 will be having classroom presentations on electrical safety and energy efficiency on September 14<sup>th</sup> with a representative of PSNH.

## Cross Country News

Tuesday afternoon found our teams at Chesterfield School competing against three different teams. Yet again, the ‘Mud Monster’ was lurking behind tall grass, waiting for the brave to dare pass him. Of course, all our runners are brave, and they all earned marks to prove it. (Moms are still washing out the mud as I write this.) The ‘Mud Monster’ managed to consume (temporarily) at least one shoe from two different people! Despite the dangers, our boys’ team won the meet with the 1<sup>st</sup> and 2<sup>nd</sup> place finishes by Jonathan Nelligan and Daniel Rodden and a 4<sup>th</sup> place finish by Aaron Svendsen. All boys ran very, very well. The girls’ team did not manage a win, and they also put out great effort and made the coach proud!

Go SJRS Teams!

## School Picture Day

There will be individual pictures and a class picture taken of each homeroom group. They will begin taking pictures at 8:30 a.m. starting with the Middle School classes.

**Dress for Picture Day- School Uniforms or Dress-up** clothes. (1<sup>st</sup> & 2<sup>nd</sup> graders going to KSC in the afternoon, please bring sneakers and gym clothes to change into sometime after pictures are done. Thank You!) Make sure your child has picture forms with them, clearly marked regarding choices and enclosed check or the voucher you received if you ordered on line. Thank You!

## Pumpkin Festival Fundraiser

This year we have an opportunity to make some additional money for the Saint Joseph Regional School. Every year during the Pumpkin Festival non-profit associations work one of the five available parking lots. I have been a parking lot coordinator for the last four years. This year, we will be working the Timken Parking Lot. You may be asking, what do I have to do during the event? There are two primary jobs during the event.

1. Money collection – This job involves receiving money from the customers and directing them to a parking space. Yes, it is really that easy!
2. Walk the parking lot and look for unused spaces and safety of the parking lot.

There is no easier way to make a few thousand dollars for our school, and we were fortunate to get this big lot downtown! We must have approximately 20 volunteers in total. We will work in three shifts, each one lasting about 4 hours. If you cannot work a 4-hour shift that is OK, give what time you can. Each shift will have approximately seven people on it. The more people on a shift the better to ensure a smooth flow of cars into the lot. The faster we park them, the more money we make. There are sign-up sheets in the office, on the school website ([www.stjosephkeene.org/calendar.html](http://www.stjosephkeene.org/calendar.html)) and will be available at the picnic. Thank You!

*Roy Bartlett, Coordinator*
